| Recommended Vice-Captain | Antoine Semenyo (MCI) |
| Captaincy Rule | Lock (C) on Haaland perma-home |

## Official Squad Audit & Key Findings

**Rotation Risk: Marcos Senesi (TOT - £6.0m DEF)**
Senesi was 100% fit but was an *unused substitute* in Tottenham's 2-0 defeat against Newcastle. Occupying a £6.0m starter slot with 0 minutes is a critical drag that should be transferred out.

**Bench Boost Review:** Bench Boost was played in GW2 netting +4 bench points (Richards 0, Kinský 1, Tanaka 1, Thiago 2). With that chip resolved, full focus now turns to optimizing your starting XI using your **2 Free Transfers (0 penalty hits)**.

## Recommended 2-Free-Transfer Moves (0 Penalty Points)

Execute both moves before Thursday evening to secure in-form assets and bank extra liquidity:

SELL **Marcos Senesi** (TOT, £6.0m) ⟶ BUY **Maxim De Cuyper** (BHA, £4.6m) **+£1.4m Bank**
Fixes rotation risk. De Cuyper is nailed (180 mins), has 1G+1A, and plays Leeds at home (FDR 2).

SELL **Riccardo Calafiori** (ARS, £5.6m) ⟶ BUY **Semi Ajayi** (HUL, £4.0m) **+£1.6m Bank**
Breaks up triple Arsenal stack vs Chelsea (FDR 4). Ajayi has 10.0 form, 2 clean sheets, set-piece threat.

**Resulting Bank Balance:** £3.0m in the bank **Total Penalty:** 0 Points (2 FTs used)
