🚀 FPL Turnaround Blueprint

Dang Football Club (Khang Dang) · Gameweek 3 Master Plan

The Lobster League

15th	1 FT	£0.0m	WC, FH, TC
CURRENT RANK (108 PTS)	FREE TRANSFERS	BANK IN HAND	AVAILABLE CHIPS

🔍 THE DIAGNOSIS (ROOT ISSUES)

Why Points Were Lost in GW1–2

- **£14.0m Trapped on Bench:** Senesi (£6.0m, 0 mins) and Thiago (£8.0m, benched) locked up crucial team budget.
- **Weak Midfield Core:** Having to start Janelt (£5.0m) and Kamada (£5.0m) capped attacking ceiling.
- **Missed Armband:** Captaining Rice (5 pts) while owning Haaland (13 pts) cost **+16 points** in GW2.

⚡ THE GW3 SOLUTION (SURGICAL MOVE)

1 Transfer + Triple Captain 👑

- **TRANSFER: OUT** Senesi (£6.0m) ➔ **IN De Cuyper (£4.7m, BHA)**
- **Frees Bank:** Instantly creates **£1.3m ITB** for GW4 upgrades.
- **CHIP: Triple Captain (3x) on Haaland** vs Coventry (H, FDR 2).
- **Saves Wildcard:** Keep WC intact for GW4/6 major surgery.

📋 OPTIMIZED GW3 STARTING LINEUP (4-3-3 FORMATION)

POS	PLAYER	OPPONENT	FDR	ROLE & TACTICAL NOTES
GK	**Verbruggen**	Leeds (H)	2	Home fixture, clean sheet probability 45%
DEF	**Gabriel**	Chelsea (H)	4	Arsenal defense core; 90 mins locked
DEF	**Calafiori**	Chelsea (H)	4	Attacking fullback role; 11 pts in GW2
DEF	**De Cuyper** [NEW]	Leeds (H)	2	Key Transfer Green fixture run (LEE, COV)
DEF	**Guéhi**	Palace (A)	3	Starter security vs former club
MID	**Semenyo**	Coventry (H)	2	Man City home attack exposure; assist in GW2
MID	**Rice** (VC)	Chelsea (H)	4	Set pieces & minutes safety
MID	**Janelt**	Sunderland (H)	2	Favorable home fixture vs newly promoted side
FWD	**Haaland** 🔥	Coventry (H)	2	TRIPLE CAPTAIN (3x) 7.98 EV, 34% haul prob
FWD	**Calvert-Lewin**	Brighton (A)	3	In form (goal + 2 bonus in GW2)
FWD	**Thiago**	Sunderland (H)	2	Brentford home attack (bench if benching risk)

Bench Order: 1. Kinsky (GK) | 2. Richards (DEF) | 3. Kamada (MID) | 4. Tanaka (MID)
Simulation Forecast: With Haaland TC vs Coventry, this lineup projects **55–65+ points** in GW3. If Haaland nets a brace (13 raw pts = 39 pts), Khang will outscore normal captainers by 13–26 points, projected to jump **4 to 6 places** into the top 10 in a single week.

🗺️ ROADMAP FOR GW4–6

Step 1 (GW3): Execute Senesi ➔ De Cuyper, TC Haaland, bank £1.3m.
Step 2 (GW4): Use 1 FT + £1.3m in bank to upgrade Janelt/Kamada into **M. Sangaré (£5.6m)** or **Cherki (£7.7m)**.
Step 3 (GW5–6): Drop the **Wildcard** right as Champions League rotations start, establishing a permanently balanced top-tier 15.
